Message From Mr. Arnold:

Hello All,

We have made it through a year that was full of excitement, confusion, doubt, hope, and anticipation. However, you may be thinking that this year was a waste, or it didn't matter, or does not "count." Seniors are definitely feeling like they have lost a very important chunk of their life. You may be feeling distanced from your fellow classmates, and without a prom, graduation, sports season, and many other important milestones, it could be difficult to see how this year is a blessing instead of a curse. Because you all have had to go through this historic event, you will become much stronger and wiser. You will be able to lead future generations without hesitation and fear, and lead this world into a better future. By going through this period of isolation and distancing, you will emerge closer to each other and have a major impact in life due to the unity you will naturally have due to this virus. The staff here at Elwood wants ALL students at this school to know how proud we are of each one of you! To the seniors, you have made it; to the Junior High, your time is coming; and to the rest of the high school, continue to show us the strength, hope, and love you have dedicated to making this year a great one!

(Top: left to right) Mackenzie Oyler, Morgan Scott, Jaleigh Crawford, Tyler Mendenhall, Dalton Trueblood, (Bottom: left to right) Samantha Phillips, Wan-Ning "Winnie" Lin, Paige Updegraff, and Ella Flanagan

(Top Left to Right) Mason Robison, Colton Jetty, Coby Horton, Tyler Mendenhall, Cameron Tackett, Dalton Trueblood, (Middle Left to Right) Will Seibel, Samantha Phillips, Morgan Scott, Ella Flanagan, Prezli Stookey, Taylor Ash, Paige Updegraff, (Bottom Left to Right) Kole Ruder, Hanna Lyttle, Kenzie Oyler, Katie Morris, Lauren May, Riley Sullivan

The 2019-2020 Yearbook Class!

This yearbook was created from the hard work and dedication of the students seen on the left. They have put in countless hours to ensure that this yearbook would be the best that it could possibly be. Throughout the year they have been dedicated to creating a book that would instill a sense of pride and respect for our school, into our students. Their idea was to prove that Elwood Jr. Sr. High School could be a source of happiness, a place to meet and make friends, laugh, learn, and have a little fun along the way. These students to the left deserve a great deal of recognition for putting together a yearbook from nothing and bringing the staff, students, and community closer while doing so!

"The Real Yearbook isn't the book itself, but the friends we make along the way."

Thank You!

Coronavirus Moments and Memories!

EVERYTHING
IS GONNA BE OK

STAY
SAFE

NO NEED TO PANIC

A Message from Miss

Simmons:

Reality Sat In

One, two ready begin...so we thought, but the world changed our lives forever...

The chairs were empty, the sounds missing, the laughter missed and no daily delights...

No glitter, sparkles, fancy clothes, dance or bright lights...

No festive celebrations or awards to take flight...

But as the world revolved a whole new way...

Our lives embraced a new normal and created a new way...

For the Class of 2020 your memories will surely include all that went astray...

But let me remind you, YOU are YOU and nobody can take that away...

YOU are special, you are talented, and you are going to pave the way...

This journey you traveled will make you stronger, more creative, and invested in your own future...

Remember the good times are always memories you have in your heart and the music of your soul follows you wherever you go!

Best wishes to all and please believe in yourself - the YOU that YOU want to be! May your life achievements bring you happiness and success.

God Bless You and encourage you.... "UNTIL WE SING AGAIN"!

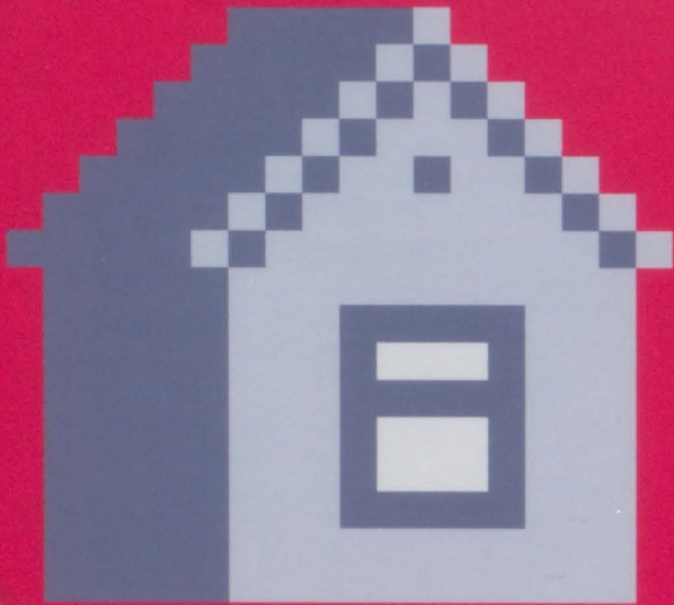

Love,
Miss Simmons

STUDENT COUNCIL

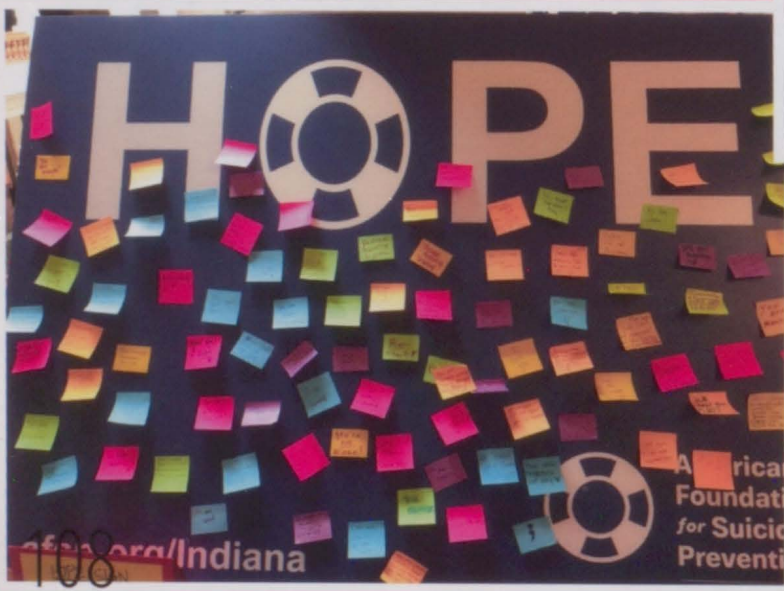

EJSHS Student Council visits State House advocate for suicide prevention, mental health

Last week, the Elwood Junior-Senior High School Student Council traveled to the Indiana State House to observe our elected representatives and to advocate for suicide prevention and mental health issues. Angie O'Donnell, faculty advisor to the student council, said the day was educational and allowing students a closer look at how the Indiana state government works. They were also able to learn about the effects suicide can have on a small school such as Elwood, citing it as a leading cause of death from earlier this year. Individuals shown above in the front row, includes Jayla Thomas, Kaylee Guillemette, and Ella Flanagan; second row, Ruth Vehikite, Brianna Lane, Madison Updegraff, Hannah Everson, Harli Evans, Jaleigh Crawford, and Taylor Ash; back row, Komi Vehikite, and Kote Ruder.

IT'S CORONA TIME!

With so many of us stuck at home, how are we dealing with the boredom?

There are still lots of things to do when you're stuck at home. From making art, trying a new hair color, quarantine photo shoots, going on a run, and so much more! Many students have taken on new skills or hobbies to learn.

Even our staff is having fun! From crafts with family, making awesome meals, and taking time out of their day to reach out to students to see how they are doing. Despite working from a different setting, they are making the most of it, and trying to make it fun.

While we have so many things to keep us busy, it's hard not to think about what we could be missing. Students have been sharing memories they made last year, wishing they could make similar ones this year. From sports, to prom, or even just missing the people they would see everyday.

Many staff have been doing the same as well. Telling how much they miss being around us all, and how they cannot wait to see us again.

No matter how you are spending your time away, it's important to know you are meaningful to Elwood. Despite how this year had to end, just know it was OUR year, and you made it very special.

Communication

Quarantine has affected our communication with others tremendously.

Thankfully, with access the internet and phones, we can easily see how our loved ones are doing. Many have been using video calls to talk with family and friends. Some have been going the extra mile by dropping off gifts to others with sweet notes. The small things are everything, many students and staff have been sending their loved ones kind messages for Good Fridays.

Many here at Elwood are using technology to their advantage when it comes to education as well. Online learning has created newer, easier ways for teachers and students to communicate. Students can contact their teachers a lot faster, and can even call them so questions can be more understood.

Despite the challenges, We still strive to keep a connection with one another. Elwood's students are displaying so much kindness to others. Lots of Elwood students are using this time to strengthen their bond with those they love, it's truly a wonderful thing to see.

Thanks to all of you for showing positivity and love toward others.

You are what makes Elwood great.

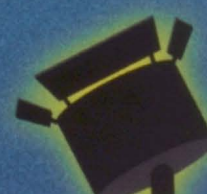

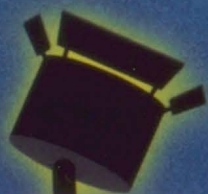

GRADUATION

The end of May and beginning of June, is a time of year that many seniors look forward to. It's the time when they get to walk across the stage, proving that they worked endlessly for thirteen years to get a diploma that sets them up for success in the future. They were born during a time when the country was at its weakest, when the 9/11 attacks shook America, and are graduating amid a global pandemic. Since 2006, the Class of 2020 has been focusing on the ideal goal of every student - graduating. Commencement ceremonies across the world have been turned virtual. Colleges and high schools alike, have made graduation what many would consider an online meeting. A "meeting" that does not feel personal or special for most seniors. Some schools made the decision to cancel their graduation ceremony altogether, making seniors feel like they're just being thrown out of school without a proper goodbye. Drive-up graduation is a thought for many schools, with seniors being handed their diploma through the window of their car. Fortunately, Elwood is allowing students to have a private graduation, similar to the typical ceremony. But, ultimately, what's most important, is making the seniors feel as though their hard work paid off.

Prom

Proms around the world have been cancelled, due to COVID-19. Many schools have had to come up with alternative ways to host the dance. For Elwood, prom is up in the air. Whether to postpone prom, or to cancel it altogether is the decision that many schools, like Elwood, are making. For seniors, prom felt like just another thing they wouldn't be able to attend. John Krasinski, actor on the hit show, "The Office", hosted a virtual prom for seniors around the world over Zoom, with celebrities like Billie Eilish, Chance the Rapper, and The Jonas Brothers, making a special appearance. Outside of the virtual world, in Alexandria, VA, teenager Sophia Kianni's father rented a party bus, allowing Sophia and her friends to decorate the inside of the bus the same theme that their prom would have had. Sophia, her friends, and their dates threw their own prom in the party bus so that they wouldn't have to miss out on their final high school prom.

2020

A Message from Mrs. Beaman:

Dear Elwood Students:

This is what your history teachers have been trying to teach you for years. You are living it right now. History feels uncertain, and scary, and unsettled when it is happening. It doesn't have a settled or accepted narrative (a "story"), until it has been over for a really long time. The next time you read about a moment in history, or learn about an event that happened in years gone by, remember how you have felt these last two months. This is how people felt at the beginning of World War II, or at the beginning of the 1918 Flu Pandemic, or the Peloponnesian War, or any event at any time or place in history. People were uncertain. Children were uncertain at school. Parents lost their jobs. People died. People lived. Life moved on. Someday a child (maybe your child?) will ask you about this time. What will you tell them? What will you remember? It would be wonderful if you could record a video or write a letter telling about your experiences. That would help you remember in the future. Hey guess what? You are HISTORY! Lol

Always,
Mrs. Tobey Beaman
